RING IN THE NEW YEAR WITH ENERGY SAVINGS

Energy Efficiency Tip of the Month

Is your hot water tank warm to the touch? Consider insulating it to save 7 to 16 percent annually on water heating costs. Follow the manufacturer's recommendations.

Source: energy.gov

RESOLVE TO SAVE ENERGY

Make a home energy resolution and reap the benefits all year long!

Three easy ways to save energy:

1

Install a programmable thermostat.

You could save an estimated \$180 annually!

2

Ditch incandescents.

Did you know incandescent bulbs release 90% of their energy as heat? Use LEDs instead.

3

Reduce energy used for water heating.

Lower your water heater's temp and consider installing low-flow showerheads.

OFFICE CLOSED NOTICE

VVEC offices will be closed Tuesday, January 1st, 2019, in observation of New Year's Day. Please call 918-371-2584 or 800-870-5948 if you need to report an outage.

WINTER RESIDENTIAL RATES

October through March usage,
November through April billing

Customer Charge | \$30.00

Energy Charge | \$.07772/kWh

A power cost adjustment (PCA) will be applied to all bills when the actual cost of power purchased exceeds or is less than 59.87 mills per kWh.

In addition, a gross receipts tax of 2 percent of revenue will be included, plus additional taxes if applicable.

This institution is an equal opportunity provider and employer.

Downed and Dangerous

Always assume a downed power line is energized and dangerous! If you see one:

- Notify local authorities.
- Stay at least 35 ft. away.
- Never drive over a downed line, or through water touching one.
- Never try to move a downed line.

Follow Verdigris Valley Electric Cooperative on Facebook for outage updates

Download the SmartHub app to report outages from your smartphone

WHAT TO DO IF YOUR POWER GOES OFF

1. Check your fuses or circuit breakers. Every service is different. You may have fuses or circuit breakers in your house, on the side of your house, under your meter, or all three places. Check to see if your neighbors have electricity.

2. Call the Co-op at 371-2584, or 1-800-870-5948. Have your account number, name as it appears on the account, and address handy to give to the dispatcher. If you should get a recording, leave your information; every message will be answered. Or, download the SmartHub app to report outages from your smartphone.

Power Circuit is published monthly by Verdigris Valley Electric Cooperative, Collinsville, Oklahoma (ISSN 10884378) for its members in Tulsa, Rogers, Washington, Nowata and Osage counties. Periodical postage paid at Tulsa, Oklahoma and other additional mailing offices. Subscription price is \$0.19 per month.

POSTMASTER - send address changes to Power Circuit, P.O. Box 219, Collinsville, OK 74021.

VOLUME 78 • NUMBER 1 • JANUARY 2019

VVEC IS LOOKING FOR LOST MEMBERS – CURRENT ADDRESSES NEEDED

From time to time members move out of VVEC's service territory or pass away. But Capital Credits still have to be allocated for the energy used while members had active service. Sometimes VVEC's last known address is not correct and the capital credit checks that are sent out come back to the cooperative. We need your help to find these former members. If you find your name or someone you know on the list, please contact us at 918-371-2584 and give us an updated address.
