

SPRING STORMS WREAK HAVOC ON POWER LINES

VVEC crews work to restore power after a spring storm causes outages.
Photo by Randy Riddle

WHAT TO DO IN CASE OF AN OUTAGE

The best way to report your outage is through the SmartHub app on your phone or online through our website (www.vvec.com). Download the free SmartHub app on the App Store (iOS devices) or Google Play (Android devices) to report outages from your smartphone.

In a few short weeks, spring will once again be here. With that, comes the spring storms. Here in Oklahoma, we can have thunderstorms any time of year. Spring, however, is associated with more numerous and usually stronger storms.

Tornadoes are the most devastating storms and cause the most damage in a generally confined area. Severe thunderstorms can cause a lot of the same type of damage that tornadoes cause (usually not quite as severe) but usually over a much larger area. Lightning associated with these storms can cause some pretty significant damage even when no strong wind is involved.

We have a comprehensive brush control program at VVEC. We remove and trim trees year-round and do spot spraying during the summer. However, large trees out of the right of way can still tear a line down when large limbs blow out of them or when the entire tree blows over. Occasionally the wind alone is strong enough to cause issues with the lines and poles, even snapping the poles off.

When storms are forecast for the area we keep all our employees on alert and make contact with contractors to let them know we could be calling if the damage is significant. We try to stay as ready as possible for any event that may occur.

The most important things for our membership to remember are to report your outage—especially if you have power line damage on your property—and stay away from any downed power lines or poles. It helps our trouble shooting efforts if you see something that is not right and report it. But you must remember: just because a power line is on the ground and you are out of electricity doesn't mean that power line is de-energized. Remember to stay safe, stay clear! Never approach a downed power line.

The best way to report your outage is through the SmartHub app on your phone or online through our website (www.vvec.com). It beats a congested phone line when several hundred or even thousand members are trying to report outages during a major event.

VVEC BOARD OF TRUSTEES

District 1 | Jim Brackett, 720-4531
District 2 | Jack Bogart, 371-9587
District 3 | Vernon Lewis, 521-5461
District 4 | John Hibdon, 847-2320
District 5 | Jimmy Lambert, 760-7029
District 6 | Dennis Lenox, 289-5961
District 7 | Charles Huerter, 333-3107
District 8 | Ken Howard, 724-9965
District 9 | Buddy McCarty, 272-5134 or 272-5364

P.O. Box 219, Collinsville, OK 74021

Phone number
918-371-2584 or 1-800-870-5948

Office hours
7:30 a.m. to 4:00 p.m., Mon.-Fri.

Power Circuit Editor
Laura Araujo

WINTER RESIDENTIAL RATES

October through March usage,
November through April billing

Customer Charge | \$30.00

Energy Charge | \$.07772/kWh

A power cost adjustment (PCA) will be applied to all bills when the actual cost of power purchased exceeds or is less than 59.87 mills per kWh.

In addition, a gross receipts tax of 2 percent of revenue will be included, plus additional taxes if applicable.

This institution is an equal opportunity provider and employer.

APPLY TODAY FOR ADOPT-A-SCHOOL & RURAL FIRE DEPARTMENT GRANTS

Adopt-A-School and Rural Fire Department grant applications are due Friday, April 12th. To download an application form visit www.vvec.com, and click on the community programs tab. Contact program coordinator Misti Frazier at 918-371-2584, ext. 6226 or mfrazier@vvec.com, for more information.

Follow Verdigris Valley Electric Cooperative on Facebook for outage updates

Download the SmartHub app to report outages from your smartphone

WHAT TO DO IF YOUR POWER GOES OFF

- 1. Check your fuses or circuit breakers. Every service is different. You may have fuses or circuit breakers in your house, on the side of your house, under your meter, or all three places. Check to see if your neighbors have electricity.**
- 2. Call the Co-op at 371-2584, or 1-800-870-5948. Have your account number, name as it appears on the account, and address handy to give to the dispatcher. If you should get a recording, leave your information; every message will be answered. Or, download the SmartHub app to report outages from your smartphone.**

Power Circuit is published monthly by Verdigris Valley Electric Cooperative, Collinsville, Oklahoma (ISSN 10884378) for its members in Tulsa, Rogers, Washington, Nowata and Osage counties. Periodical postage paid at Tulsa, Oklahoma and other additional mailing offices. Subscription price is \$0.19 per month.

POSTMASTER - send address changes to Power Circuit, P.O. Box 219, Collinsville, OK 74021.

VOLUME 78 • NUMBER 3 • MARCH 2019

VVEC IS LOOKING FOR LOST MEMBERS – CURRENT ADDRESSES NEEDED

From time to time members move out of VVEC's service territory or pass away. But Capital Credits still have to be allocated for the energy used while members had active service. Sometimes VVEC's last known address is not correct and the capital credit checks that are sent out come back to the cooperative. We need your help to find these former members. If you see a name on the list that you recognize and you have information about a current address, please contact us at 918-371-2584.
