**THANK A LINEMAN**

APRIL 18TH IS LINEMAN APPRECIATION DAY

**L**ineworkers serve on the frontlines of our nation's energy needs, and on April 18, 2020, Verdigris Valley Electric Cooperative, along with other electric cooperatives across the country, will honor the brave men and women who work hard to keep the lights on.

Line crews work around the clock, sometimes in difficult and dangerous conditions, to keep power flowing to our local communities. Whether they're restoring power after a major storm or maintaining critical infrastructure to our electric system, lineworkers are at the heart of our co-op.

When a storm hits, they set aside their personal pri-

orities because Mother Nature doesn't work around holidays, vacations and birthdays. A service-oriented mentality is one of the many admirable characteristics of an electric lineworker.

VVEC is proud to honor the linemen who maintain over 4,800 miles of power lines and more than 37,000 meters in our service territory. We invite all co-op members to take a moment and thank a lineworker for the important work they do. On April 18, you can use #ThankALineworker on social media to show your support for the brave men and women who power our lives. ■

## energy tip

This spring, consider using a rain barrel to save energy. Rain barrels capture rainwater from a roof that can be used later for watering your lawn, garden or indoor plants.

## OFFICE CLOSED NOTICE

VVEC offices will be closed Friday, April 10th, in observance of Good Friday.

## IN CASE OF AN OUTAGE

- First, check your fuses or circuit breakers. Every service is different. You may have fuses or circuit breakers in your house, on the side of your house, under your meter, or all three places. Check to see if your neighbors have electricity.

- Then, call the Co-op at 371-2584, or 1-800-870-5948. Have your account number, name as it appears on the account, and address handy to give to the dispatcher. If you should get a recording, leave your information; every message will be answered. Or, download the SmartHub app to report outages from your smartphone.

## WINTER RESIDENTIAL RATES

October through March usage, November through April billing

**Customer Charge | \$30.00**

**Energy Charge | \$.07772/kWh**

A power cost adjustment (PCA) will be applied to all bills when the actual cost of power purchased exceeds or is less than 59.87 mills per kWh.

In addition, a gross receipts tax of 2% of revenue will be included, plus additional taxes if applicable.

*This institution is an equal opportunity provider & employer.*
